

OPEN LETTER TO PARENTS

Vallo has been transporting children for 35 years. Our business was built on its remarkable reputation and is highly regarded for providing a cost-effective, safe and reliable school bus transportation service.

We are a trusted and experienced partner providing transportation services to New York City families for decades. In fact, our family history spans an impressive 50 years – that's *half a century* – in the student transportation business throughout New York. You should feel confident that when you sign up with Vallo you're receiving the expertise that comes from a long-standing, committed and experienced local business.

Safety is our number one priority and we have a proven track record of on time performance. We meet and exceed all regulatory agency requirements. We boast a 98% on-time performance record using regulated school buses for transporting students – the vehicle *designed* for student safety. We've even taken safety to a higher level by creating a Bullying Prevention Program and deem all our buses as "No Bullying Zones."

I'm proud of our bus drivers who provide prompt and professional service. Each one undergoes a series of extensive training to ensure they have the latest information and tools for student safety. No matter what unforeseen factor may come our way – weather, construction, travel bans and/or emergencies – our operations team inside the office and our drivers are committed to ensuring that your child arrives to and from school safely. Many families have expressed their gratitude for the peace of mind they have knowing their child is in good hands while on a Vallo School Bus.

We also are cost effective with an affordable price plan that *includes complimentary* school bus transportation for after-school activities. We know that students sometimes

have special events, and we are committed to accommodating the flexible needs of our students.

Our company works closely with the Department of Transportation

to ensure we are providing outstanding service. Vallo has been chosen as a *Contractor of the Year* from the New York State Bus Contractor's Association. Even

organizations outside the education community praise Vallo for our ongoing support of many local non-profits and educational campaigns that benefit our neighbors.

So whether this is your first year or fourth year with Vallo, you can trust that safety is at the cornerstone of our operation. There is a reason we've earned our award winning reputation. Many parents have come to depend on us, and it's our mission to uphold our high standards delivering students to Bronx High School of Science and High School of American Studies at Lehman College.

I look forward to providing excellent school bus service for your child this upcoming school year.

Please keep our contact information handy should you need us.
